Re: Transunion Report | dated March 21, 2026 | File#: 325875568-001

To Whom It May Concern,

I am again writing after reviewing my Transunion report dated March 21, 2026. The items listed below continue to be reported inaccurately, incompletely, or without adequate correction after prior disputes, and I request a fresh reinvestigation and correction or deletion as appropriate. For reference, the Transunion report I am disputing is identified as File# 325875568-001. If you previously verified any of these items without making the requested corrections, please provide the method of verification and the source of the information you relied on during your reinvestigation. Please correct or delete any item that is inaccurate, incomplete, or cannot be verified after a reasonable reinvestigation, and send me an updated copy of my credit file once your review is complete.

Sincerely,

A handwritten signature in blue ink that reads "Carlos G. Suarez". The signature is fluid and cursive, with a long horizontal stroke extending from the end.
